The request to appoint our member Mikael Lilje, as an honorary member of FIG from Samhällsbyggarna in Sweden

Our member, Mikael Lilje, has over the years been very involved in the international organization FIG, see appendix 1. Through his commitment, he has moved our common issues forward, which has been of great benefit to us as a member but also to FIG as an organization.

In his commitment, Mikael often has a focus on doing the job together, that everyone should be involved, which we are sure was also his driving force in FIG, in all his different positions as the attached CV, appendix 1, shows.

We have gone through the various requirements for appointing honorary members of FIG. As far as we can understand, Mikael meets all the requirements.

Considering the work Mikael has done for FIG over many years, we nominate Mikael Lilje to be appointed an honorary member of FIG.

Samhällsbyggarna, Stockholm 2025-01-31

Joanna Messmer

CEO, Samhällsbyggarna
