Nomination Template Vice President 2027-2030

Nominee's statement	
My motivation to be FIG Vice President:	FIG is the only organisation that brings together geodesy and all disciplines associated with it, representing them as a unique professional community. It is uniquely capable of depicting the geodetic profession in its full breadth – from satellite geodesy to the Earth's surface and down to the seabed. In times of global transformation – socially, climatically and politically – FIG requires an experienced and knowledgeable leadership capable of positively shaping the rapid changes ahead. This also entails ensuring that FIG serves as a wise and reliable partner for decision-makers at all levels. To align the organisation with these contemporary challenges, I wish to devote my expertise, time and energy to the position of Vice President of FIG.
What I can offer in support of FIG's aims and objectives:	Throughout my entire life I have been active in various voluntary positions. In my professional environment I have chaired regional, national and international bodies, most recently FIG Commission 9. On this basis I have learned to identify major challenges, to communicate wisely, and to motivate people to engage with and follow jointly developed approaches. As Vice President of FIG, I offer: - My comprehensive expertise in the field of leadership, - my experience in strategic thinking and in communicating objectives, - my ideas and experience for attracting more young people to our profession and link them to FIG, - my experience in linking closely related professional associations and institutions with FIG, - my experience in leading a commission within FIG, organising events and using modern skills to communicate, - my familiarity with working with ministries and institutions to strengthen the recognition of our federation.
My key skills for the Vice Presidency and FIG Council:	- German and English language fluently - Experience of work in NGOs (like DVW, Sport Organisations, official working groups in administrative bodies) - Strong experience of Leadership in business- and NGO-fields - The ability to maintain a clear focus on objectives and to find appropriate compromises between competing parties in order to achieve them. - The courage to take decisions.

Email address	rudolf.staiger@dvw.de , ina.loth@dvw.de
Proposer's Statement	
Why the Association wants to propose the Nominee	DVW is a founding member of FIG. We have always supported FIG's activities both financially and through personal commitment. This will also be the case in the future. FIG needs a strong executive board, which is staffed by people who cover FIG's different areas and branches and who know and understand the mechanisms of the Federation. Peter Ache is exceptionally qualified for a position on the FIG Executive Board. He has chaired regional, national, and international bodies and has been actively involved in the DVW for over ten years—initially as a member of the Real Estate Valuation Working Group and since 2019 as its chair. Since 2021, he has also served as Chair of FIG Commission 9. These experiences have equipped him to identify major challenges early, communicate effectively, and motivate people to engage with and implement jointly developed approaches successfully. Peter retired on January 1, 2026, and is prepared to dedicate his available time to the tasks of FIG. He will draw on his extensive national and international network, built over the years through his diverse activities.
