Mikael Lilje for President of FIG 2027-2030

Mikael Lilje is a member of The Swedish Professionals for the Built Environment (Samhällsbyggarna). He has a long history within FIG and he has been an active part of the organization on many levels. His latest engagement has been as vice President. Mikael has now expressed his ambition to candidate as President for the period 2027-30 and we strongly supports this and his nomination.

He is a well-known professional with a very good reputation, in Sweden as well as internationally. He is currently the head of the International Department at Lantmäteriet (the Swedish mapping, cadastral and land registration authority). In that role he has continued be very active in international organisations and initiative as e.g. UN-GGIM, EuroGeographics and Nordic collaboration. His department is also responsible for the developing aid projects that Lantmäteriet are involved in meaning that the topics that FIG covers is part of his daily work.

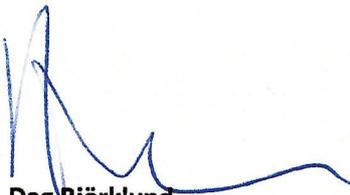

We believe also that his personal skills and leadership is suitable for an organisation as FIG and we believe that he has proven that over the years when being active in FIG. We believe that he will contribute with strategic thinking as well as good communications with member organisations and other strategic partners to FIG. He is known as a doer!

The Swedish Professionals for the Built Environment will support with administrative and professional support but more importantly is that his employer, Lantmäteriet, will provide him with necessary time and financial support needed to perform his FIG duties.

Kind regards,

Samhällsbyggarna, Stockholm 2025-11-18

Support for the Nomination of Mikael Lilje as President of FIG

Mikael Lilje has been nominated for the position of President of FIG by the Swedish Professionals for the Built Environment (Samhällsbyggarna). In full agreement with this nomination, Lantmäteriet – the Swedish mapping, cadastral and land registration authority – is pleased to strongly support his candidacy. We also guarantee that, if elected, he will receive resources and backing necessary to successfully fulfil the responsibilities of FIG President. This commitment includes both dedicated budgetary support and the time required to carry out FIG duties.

Mikael Lilje currently serves as Head of the International Department at Lantmäteriet. The department plays a key role in managing Sweden's development aid projects in land administration, funded by the Swedish Government, as well as in supporting the Director General and the management team in a wide range of international collaborations.

We are convinced that Mikael Lilje is an exceptionally well-qualified candidate. He is highly respected and well connected internationally, with senior-level relationships across leading global institutions such as the World Bank and the United Nations. His long-standing engagement within FIG, combined with his extensive international experience and network beyond FIG, make him uniquely suited to serve as President.

Lantmäteriet believes that the nominating member association has put forward an outstanding candidate for the 2027–2030 term. With his proven leadership, passion for FIG, and extensive global connections, Mikael Lilje is a capable and worthy choice for this important role. We are proud to fully endorse his candidacy.

On behalf of Lantmäteriet

Fredrik Holmberg

Director General
