SUMMARY

Country Revival Practice in China

-----From Land Consolidation Aspect

Lei YANG, China

Summary: In the 19th CPC, country revival policy(rural revitalization strategy)has been released as a vital signal from national level for the first time. Definitely it is an objective amendment to some old rural policy . Further more , it will have profound influence on rural area around China.

Actually, many country revival approaches are blooming in different province recently. Some of them happen in richer area along east coast, some of them happen in area with precious ecological resource. No matter how many difference between them, they also have some in common: they respect country value from deep heart by regarding country and city as a community of shared life; they use more sustainable solutions in land consolidation project; public participation and cultural heritage are pay much attention than before. The paper will follow several approaches of country revival in China and try to give a difinition.
