

Fit for Purpose (FFP)

Jean_Phillip Lestang (France)

Key words: Access to land; Cadastre; Land management

SUMMARY

Fit for Purpose (FFP): three different trajectories that may reflect how the FFP approach has been understood, translated locally, and finally implemented in Ivory Coast, Madagascar and Haiti.

IGNFI, as service provider has been involved in implementing rural land rights securisation projects in the past 10 years, having thus experimented ways where FFP are either endorsed or partially even totally rejected, that involved many different issues, Governance being often the corner stone of the paradigm shift, but not only!
