

5th International Land Management Conference

3-4 March 2026, on-line and in-person, London, UK

Call for registration

LINK - Land International Network for Knowledge

The Land International Network for Knowledge (LINK) was established in 2021 and is hosted by the University of the West of England, Bristol, UK. LINK promotes knowledge exchange, evidence-based research, and professional development across the land governance development space. It aims to build collaboration, promote peer-to-peer learning and networking worldwide. It has a special focus on improving knowledge exchange between academe, professional bodies, and both the public sector and private practice.

Conference Themes

Politics and economics in land governance

Theme 1: Improving understanding of the political economy factors that influence land governance

Theme 2: Power and agency in land governance

Theme 3: Widening perspectives for land governance

Theme 4: Changing approaches to the economics and financing of land governance
