<b>Nominator's statement</b>	
Why the association wants to nominate Nominee	Rudolf Staiger is nationally and internationally well reputed as a high qualified expert not only in the field of surveying instruments. Moreover, Staiger has gained a strong FIG experience at least as Chair of Commission 5, which is running in parallel to his chairmanship of the DVW Study Group "Measurement Methods and Systems" on both a scientific and practical level. DVW appreciates very much Staiger's capability of promoting communication between the FIG membership institutions and the experts standing behind the national associations.
