LANTMÄTERIET

Cadastral surveying in Sweden

- From subdivisions to land consolidation, from 1000 € to 5 000 000 €
- Field surveying, investigations, decisions, mediations, valuations and registration in the cadastre
- Obligated to follow zoning plans and other land use regulations, as well as general conditions ("suitability")

LANTMÄTERIET

e-Land Administration?

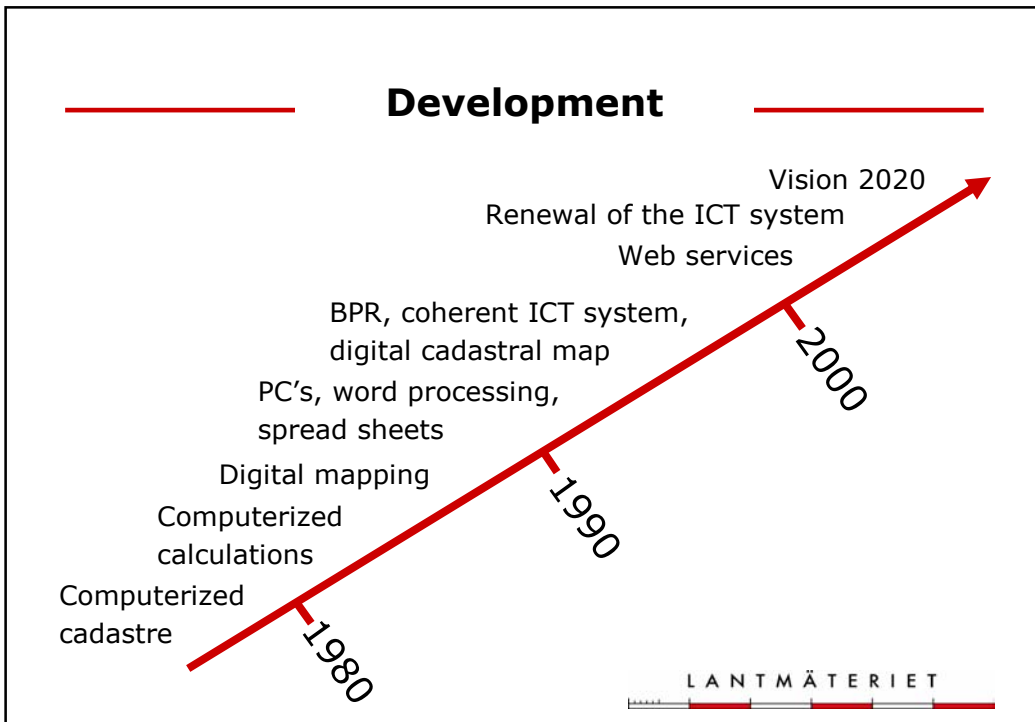

Web services? Yes, but also:

- Efficient processes
- Cooperating authorities
- Meeting new demands in a new world

LANTMÄTERIET

Development

Reduction of delivery times

We have prioritized cost reduction
It *is* possible to significantly reduce delivery times
You don't need more staff, you need more ideas
Realize the importance and re-organize your work

Future

Cadastral information is a basis for private and public decision making

What was made analogue will be made digitally

Digital decision making with support from AI will enter our business too, and our customer's

This will lead to a massive demand for increased information quality

Time & Quality!
