Discussion on the  
Future of the  
Young Surveyors  
Network

## Building a Network

**Young Surveyors Network**

*How can I get  
involved?*

*We challenge you to get a  
Young surveyor involved...*

## Building a Network

### Brain storming for involvement

1. Specific **tasks for Young Surveyors**  
e.g. Working Group appointment / research  
National / regional positions
2. Local students to **volunteer** during events  
e.g. Working Week in Sweden and Com. 2 Workshop in Vienna
3. **Your ideas**

## Building a Network

### Continuum of knowledge within the Young Surveyors core group

#### *Challenge*

- We have only got **one year** to make this happen

#### *Possibility*

- If you see a young surveyor talk to him/her, we need help **to get them involved...**

*You can only serve the cow but not force it to eat...*

Or

*You can take a horse to water but you can't make it drink...*
