### LET GIRLS MAP MAP ROULETTE MAPATHON

Duration: 8th - 9th March, 2023

Friday: GIS Lab. at 4:00pm  
Saturday: Calc 1 at 10:30am

UCC Youthmappers celebrates their ladies achievements, and contributions in open source mapping. This is a powerful medium for women to be empowered and supported. Gender equality and inclusive is also of great importance to us. We believe that "when women maps, they fill the gap" #InternationalWomensDay

We don't just build maps, we build mappers

## SUMMARY

- In summary, mapping your environment is foundational in building resilience to climate and environmental issues. It provides the necessary data and insights for effective risk management, resource allocation, planning, and community engagement, all of which are essential for adapting to and mitigating the impacts of climate change.
